# *Happy Anniversary*

*"I Will Always Love You"*

*You were the one who made me feel alive...  
again.*

*You were the one who patiently waited and kissed  
away my tears.*

*When I didn't trust anyone, not even myself...*

*It was you who stood by  
promising me your protection.*

*I remember creating those walls associated with  
heartbreak.*

*You know those impassable walls that tell everyone  
to keep their distance.*

*But somehow, against all of my protests, you  
relentlessly removed layer after layer  
until you finally exposed me,  
again making me vulnerable — and dancing to  
a tune of love.*

*I was certainly scared of where all of this was  
taking me...taking us.*

*But I went along with you,  
allowing you to guide us safely through the maze  
of shattered loves  
and finally showing me how to love again.*

*Thank you for being patient  
and taking the time with me.*

*I will always love you.*

*Happy Anniversary*
